Piso's Cure *For Consumption*

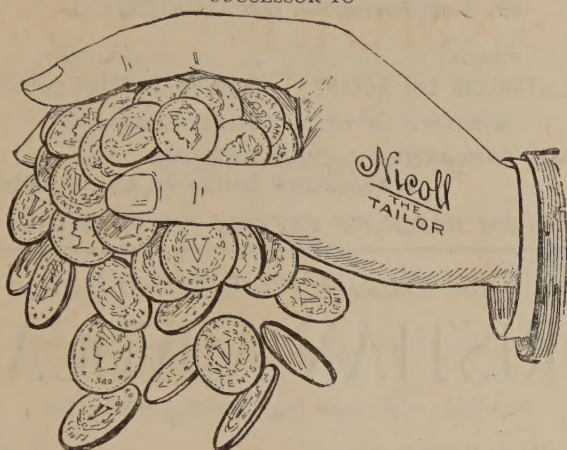

About seven years ago I had Bronchitis, which finally drifted into Consumption, so the doctors said, and they had about given me up. I was confined to my bed. One day my husband went for the doctor, but he was not in his office. The druggist sent me a bottle of Piso's Cure for Consumption. I took two doses of it, and it gave me great relief before the doctor came. He told me to continue its use as long as it helped me. I did so, and the result is, I am now sound and well—entirely cured of Consumption.—Mrs. P. E. BAKER, Harrisburg, Illinois, February 20, 1891.

Dyspepsia

HORSFORD'S ACID PHOSPHATE.

Prepared according to the directions of Prof. E. N. Horsford.

After Dyspepsia has once attacked the system, a nervous condition of mind and body sets in, and thereafter, whatever the quality of the food taken may be, the system fails to assimilate that which is wanted in order to secure a healthy condition. The action of the Acid Phosphate dissolves out those elements of the food which a weakened stomach fails to do, and makes the process of digestion natural and easy.

Dr. R. S. McCOMBS, Philadelphia, says: "Used it in nervous dyspepsia, with success"

The Pastoral Address.

To the Members and Friends of the Methodist Episcopal Church within the bounds of the Southern California Conference.

DEAR BROTHERS AND SISTERS—We have been greatly rejoiced as the reports have been presented, at the success which has attended the work of the Church during the past year within our own conference. New churches have been erected and improvements made. The conversions and additions to the membership number into the hundreds. The amounts given for the several benevolent causes have in many cases been in advance of any previous year. So also in the care and support given to your pastors. All these indicate an interest and devotion to the work of the church worthy of commendation, for you have made these things possible. We rejoice with you at the blessings God has been pleased to bestow upon you.

Besides these blessings which have come to our own conference, we rejoice in the general prosperity and success of the church in its various departments of work throughout the land. And with this success comes also the prophecy of yet greater blessings. Some of the best informed men of the church, whose opportunities for observing and judging are of the best, confidently predict that the near future—yea, the decade on which we have entered—will witness a greater outpouring of the Holy Spirit and a greater revival of religion than the church has ever known. The result will be increased numbers, holier lives and greater devotion and activity of the church.

While such an outlook is cheering, inspiring and occasion for rejoicing, we must not forget that this is to be accomplished by the consecration, faith, prayers and labor of those already in the church. A great and grave responsibility thus rests upon each and every member to do his part in this great and glorious work. In order, therefore, that this desirable state may be obtained, let everyone renew his consecration, put on the whole armor of God and go forth to the battle with the confidence that insures success.

Much is said of the fashionable vices of society, and the question is frequently asked, "How can the churches meet these vices? What position shall it take in regard to them? Where shall the dividing line be drawn?" We answer that we believe a closer walk with God, a deeper and richer spiritual life, an active Christian life, will enable each one to answer aright these and kindred questions, will enable the church to overcome the great evils of the day which threaten us, and to solve the difficult problems which are about us and confront us. Therefore we exhort you to secure this spiritual life, both for your own good and the good of the church.

Who of us cannot rejoice at the growth of the Epworth League, as it has

engaged the activity of our young people, oftentimes reviving the life of the church as well as training and developing the young people themselves. Allow us to suggest, even insist, that you make all you can of this new form of activity and encourage it every way within your power.

It has sometimes been the case that the religious training of the children has been entirely committed to the hour of the Sunday-school and to the instruction of individuals variously qualified for this most highly important work. This we think a grave mistake, yea, a breach of the trust God has committed to the parent. We pray you, see to the culture of the souls of your children yourselves, and let the Sunday-school and other instruction be supplemented to your work. Do not understand us as in any way objecting to the Sunday-school which has been so blest of God. Let everyone who can, help in this work to the full extent of his opportunity. And when you send your son or daughter to school, as you prize their souls, send them to a school which has the Bible and Christ as its foundation and corner-stone.

Our work has become so extended, belting the earth as it does with its stations, that the knowledge of its growth becomes an inspiration. In order to have this knowledge, our church literature is provided. Secular and religious papers other than Methodist publications do not furnish this news. We would that a copy of a Methodist church paper might be found in every Methodist home in the conference. No better investment can be made. Therefore we beseech you to subscribe for and read a Methodist church paper.

Do not suffer our own Sunday-school literature to be crowded out by so-called cheaper publications. They may be cheaper as to dollars and cents, but much more costly as to the teaching. Stand by our own.

And now the blessing of God be upon us and abide with us in our labors during this ensuing conference year, and make it the best the church has had in our conference.

May the grace of God abide with you evermore.

Presiding Elders' Reports.

LOS ANGELES DISTRICT.

The District began the journey of the Conference year with forty charges, all manned by the Bishop save seven. The latter were supplied as follows:

Ivanhoe, by G. A. Miller (the same as last year), who served it efficiently until last July. D. Cobb was then appointed, who finished out the year. Pico Heights, by J. D. Monroe, the supply of last year. Wesley Chapel, by D. Mucker. Newhall, by W. H. Marks. Redondo Beach, by J. S. Kline. San Pedro, by S. A. Widney. University Circuit, by W. A. Lowder.

San Fernando was assigned to J. W. Bain, but as he did not go to the appointment, early in October, P. H. Bodkin, supernumerary of this Conference, was secured to fill it as supply.

Other changes have transpired in the *personnel* of the pastorates as follows: G. F. Bovard, in his second year of successful work at Boyle Heights, in the closing days of last October, was promoted by Bishop Goodsell to the superintendency of the Arizona Mission. A month later, D. H. Gillan, supernumerary of this Conference, was secured to fill the place thus made vacant. This he has done to eminent satisfaction.

C. P. Wilson, in his third year at Compton, having first obtained the reluctant consent of both official members and P. E., gave up the charge to accept one in the Arizona Mission. He was succeeded temporarily until a permanent supply could be obtained, by F. M. Larkin, editor of our Conference paper. Then A. H. Gunnett of the Arizona Mission was secured. Brother Gunnett has proven to be the right man.

C. J. Miller served the charge at Florence with success until last April. Then he deemed it necessary, on account of his wife's poor health, to go to Victor, Iowa, he having first made arrangements to exchange appointments with W. A. Swain, pastor at that point. The consent of the Presiding Elders having been secured, Brother Swain took charge of the work after the departure of Brother Miller, and has finished the year with the church in fine condition.

Each of these supplies, notwithstanding the disadvantage of succeeding a popular predecessor, whose departure was much deplored, is the choice of his congregation for pastor for the ensuing year.

Monte Vista was assigned to S. J. Fleming by Bishop Goodsell, with the understanding, more especially, that he should look after our property interests there, as we had no members and but little prospect of any in that small field. But up to the thirtieth of last March, at which time Mr. Fleming withdrew from the ministry and membership of our church, the duty was not attempted, though I urged him at different times to attend to it. Previous to his withdrawal, a charge of gross immorality was preferred against him by Rev. E. H. Winans of University Church. This charge was investigated before me on the third and fourth of last March, in Simpson church, Los Angeles, by a competent committee, with P. F. Bresee, D. D., counsel for the church, and the accused conducting his own defense. The committee found two specifications sustained—one for defrauding, the other for violating a written contract; but they did not think the charge as named was sustained

by the specifications sustained, but indicated that the accused did that which was inconsistent with ministerial conduct. The papers in the case are on file with the Secretary of the Conference. On the withdrawal of Mr. Fleming, Monte Vista was placed in the Burbauk and Providencia charge.

I will not take time nor space to balance favorable and adverse causes which may have tended to modify the results of the year's labor. The pastors, at least, with but a single exception, have devoted their energies faithfully to the work. Indeed, it would be difficult to find a similar district whose average pastor has manifested a higher degree of consecration.

I note the following improvements:

The beautiful church, begun last year at Alhambra, was completed and dedicated in the early part of this year, almost free of debt. The entire property at this point is now valued at \$10,000.

The neat parsonage of five rooms, projected last year at Covina, has been finished and paid for. Two lots have also been added to the church property this year, one a donation, making it one of the most commodious realities of the district. The improvement, including the lots, is valued at \$1,350.

Main Street Church, Los Angeles, moved to its present location last year, has been approaching completion as fast as the society could pay for the improvements. It is now almost ready for dedication.

The society at Pico Heights, Los Angeles, sold the small chapel, which they constructed last year upon a borrowed lot, and placed the proceeds, together with others raised for the purpose, into the present tasteful, convenient and commodious church edifice, erecting it upon the eligible lots purchased last year in that locality. The improvement is a good one, costing about \$2,000. Sunday before last this building was dedicated, after first raising \$531 in subscriptions and cash to liquidate its debts.

University Church has added a suitable room for the infant class; Vincent has purchased a fine piano and organ; so also Simpson, and other improvements; Union Avenue has plastered and otherwise improved the church; Garvanza has nicely carpeted and in other ways improved the inside of the church; Pasadena, First Church, has added a porch to the parsonage; Artesia has improved the inside of the church by a coat of varnish; Glendale, South Pasadena, Compton, Swedish Mission and others have added improvements of more or less value.

Mrs. A. B. Giddings has made the North Pasadena Society the happy recipient of an ample corner lot, conveniently located in that locality for church purposes. The generous donor gave it without conditions in memory of her deceased husband. The gift is valued at \$1,200. Plans, looking to the building of a church at this point, are now being considered.

Asbury Church Mission, on the Ela Hills Tract, East Los Angeles, has built a neat little chapel for \$400.

San Pedro charge, through the untiring exertions of its pastor, closes the year housed in a building of its own. It is a dwelling-house, the inside of which has been transformed by the removal of partitions into a church auditorium, 32 by 34 feet. The building is situated on a corner lot, 80 by 120 feet, and is strongly constructed. The property was purchased for \$700, \$150 of which were paid out of a fund accumulated by the society for that purpose, and the rest was borrowed on individual notes. The property is worth fully \$1,200. Application has been made to the Church Extension Society for aid, which, if granted, will leave a debt of but \$250. This charge is now on a substantial basis.

Ivanhoe has a movement in hand looking to the early buying or building of a church.

Simpson Church, Los Angeles, has made a fine record in more ways than one, but especially in meeting its financial obligations on church property. Outside of a gift of \$5,000 and a loan of \$10,000 obtained from the Church

Extension Society, and the munificent sum of \$10,000 paid by Judge R. M. Widney, the society has raised in cash and by subscriptions some \$20,000. Only about \$4,500 yet remain to be raised, to relieve this magnificent church of its entire indebtedness.

Other churches are still heavily burdened with debt, which the stringency in money matters has not been favorable for canceling. Still, pressing obligations, such as interest, etc., have been met, and the hope of paying all in time is confidently indulged.

I have not encouraged any expansion that would involve the contracting of any considerable indebtedness during the year, because of the close financial times.

Religiously, nearly all of the charges have maintained a healthy condition. The preaching services have been well attended; as a rule, the prayer-meetings and class-meetings have averaged a good figure, and the Sunday-schools have generally been flourishing.

The pastors have made about 12,041 pastoral visits. The average attendance on the class and young people's meetings has been not less than 1,790.

The average attendance on the Sunday School has been not far from that of last year, 3,400.

Nearly all of the charges have held especial services for the promotion of revival, and in nearly every instance was the shout of victory heard. Glendora reports 22, Compton 35, Covina 23, Pasadena First Church 40, Vincent 40, Simpson 50, First Church 75, and Asbury 100. The total number of conversions is reported to be 525.

At the beginning of the year the number of members in the District was 3,701. After pruning down it now numbers 3,922. The number of probationers was 378. It is now 413.

The benevolent causes have been presented faithfully with the subjoined result:

Apportioned to Missions,	\$2,466;	raised for same,	\$2,605.
" Church extension,	\$925;	raised for same,	\$1,155.
" Freedmen's Aid, etc.	555;	" "	520.
" Education,	370;	" "	1,660.
" Sunday S. Union,	54;	" "	85.
" Tract Cause,	54;	" "	80.
" Bible Cause,	148;	" "	222.
" Bishops,	555;	" "	410.
" Con. Claimants,	925;	" "	700.
" W. H. M. S.,	740;	" "	661.
" W. F. M. S.,	—;	" "	1,016.
" Gen. Con. Ex.,	257;	" "	212.

It is gratifying to know that the number of church papers and periodicals taken by our people in the District, not counting the Sunday School Advocates, is 915.

The Quarterly Conferences have usually been well attended, earnest and harmonious, and the quarterly meeting services of spiritual uplift. The best financial and religious talent of the charges continues to be well represented in the official boards.

A large number of Epworth League Chapters have been organized in the District during the last two years. They are fruitful of good work.

A profitable District Epworth League and Sunday School Convention was held in Pasadena First Church, on the 19th and 20th of last February. Rev. J. C. W. Cox, D. D., Western Secretary of the S. S. Union and Tract Societies was present, whose lectures to the Convention were of unusual interest and value.

The Epworth League Assembly, superintended by Rev. G. L. Cole, was held in the Tabernacle of the Long Beach Methodist Resort Association, from

July 2d to 13th, inclusive. The program was well arranged, but the attendance was inadequate to make it a financial success.

The Long Beach C. L. S. C. Assembly, which succeeded it immediately in the same place, was more largely attended, though no more worthy of patronage. The Conference Camp Meeting that followed was well attended and of good interest, notwithstanding its place in the arrangement.

The Deaconess' Training Home, so auspiciously inaugurated last year in Los Angeles, has had a year of fair success under the general superintendency of Miss Arabella Widney. A report by the Superintendent, giving the year's work in detail, will doubtless be presented to the Conference.

Each of the Colleges within the bounds of the District, closed a successful scholastic year, though still hampered with financial difficulties—save, it may be, the College of Medicine, whose expenses are met through the generosity of Dr. J. P. Widney. The College of Liberal Arts, at West Los Angeles, never had a more promising opening than the one of last week.

The mission work among the Chinese, both of First Church, Los Angeles, and of Pasadena First Church, continues healthy. The Japanese mission of First Church, Los Angeles, is likewise in good condition. The mission of Asbury Church, on Ela Hills Tract, East Los Angeles; and the Mission Sunday School of Main Street Church, Los Angeles, are in successful operation. The Chinese Mission should be aided by Missionary appropriation.

Two District Conferences, as usual, have been held with success.

The vote of the District on the question of admitting women as delegates to the General Conference, was as follows:

Total vote cast,	1,024.
For admission,	869.
Against admission,	155.

Dr. R. S. Cantine is the first of our ministers to finish a pastoral term of five consecutive years. He carries with him to his new field the prayers and good wishes of his late congregation.

Though some of the pastors have been disabled temporarily by sickness, yet, under God's favoring providence, none have been disabled permanently, and none have died. God is good. But it was the will of God that a deep shadow of bereavement should fall upon my home. At a moment when I thought not, almost in the twinkling of an eye, the death angel came, and my dear old mother speedily took her flight into the realms of the redeemed and glorified. The shadow of bereavement still lingers, but I still find it in my heart to say, God is good.

In my personal work I have missed but few appointments, and have striven to be prompt, faithful and efficient. I thank the brethren for their co-operation and forbearance, and pray God to give us all a special baptism for the work of the year to come.

J. W. VAN CLEVE.

SAN DIEGO DISTRICT.

In occupying the more populous sections of the San Diego District, Methodism has not been excelled. Our aggregate is far in advance of any other church, numerically and financially. We have forty-one societies to which we have made quarterly visits, traveling two hundred and seventy miles on the coast and seventy-five miles inland. Much as we would be pleased to say good things for all, the call for brevity permits but special mention.

In church extension the motto is, "Make haste slowly, secure eligible locations and place elegant and substantial edifices in keeping with our homes thereon." Redlands chose architecture with a view to enlargement, but has

dedicated a beautiful structure, with a seating capacity of 325, at a cost of \$7000. The membership has increased to 195.

In times of poverty, opening new fields is difficult, but we were timely in organizing San Bernardino Circuit. Result, at Highlands a neat structure, plan No. 44, will be dedicated free of debt in November. At East Riverside we have a central location, worth \$6000, no debt, membership 50. Heroism like that of the fathers.

At the foot of San Jacinto's highest peak, on the east, on the border of the desert, is the somewhat famous Palm Springs resort. Hither came Bro. Critchlow with an invalid wife, a philanthropist of our church in New York city. Impressed with the needs of the place, he left \$1000 for the erection of a church to cost \$1500. A contract is made for a building to cost \$1700, of which all but \$400 is in hand. In a communication to me, Bro. C. thus expresses himself: "The climate in winter months is certainly the finest in the world for recuperating worn down preachers or invalids, and our denomination will be wise if they occupy it as a sanitarium." On his next visit we will modestly ask the brother to contribute for the erection and furnishing of a building as a temporary winter resort for disabled members of our Conference, for already one of our number has there obtained relief from a serious ailment.

Rialto will this season erect a church after the popular pattern, 28, of the Ch. Ex. Catalogue. Improvements have been made in the churches at Ontario and Colton. A parsonage purchased at Fallbrook. Riverside must for the third time arise and build, to meet the demands of an increased population, or lose her relative position in the community. The pastor at Santa Ana has tackled the troublesome debt, which is half paid and the balance in a fair way for annihilation. In church and parsonage property the indebtedness shows a decrease of \$13,399, while five new preaching places have been opened and sustained.

On ministerial support we find the apportionment \$27,100, an average of \$934.50. Received \$25,755, an increase over last year amounting to just \$1000. Deficiencies, \$1345---.07 per cent.

The financial depression on much of the district and the noble effort to continue the salary on a liberal basis has largely to do with these conditions. But where pastors report the benevolences well cared for it is evident that stewards are inefficient and these pastors have manifested grace to a high degree in bearing unnecessary burdens. There is no call of greater importance than the enforcement of that obligation of the discipline, "I will contribute of my earthly substance according to my ability, for the support of the Gospel." We are glad to report progress in introducing the apportionment plan, and believe it should become universal.

The following shows the work of the year: For Missions, \$1975 (nearly meets our apportionment); for Sunday Schools, \$58; for Freedmen, \$327; for Bishops, \$85; Church Extension, \$435; Tracts, \$45; Education, \$901; Conference Claimants, \$224. \$10,200 has been paid on church indebtedness, leaving \$77,682, a decrease of \$13,399. The present valuation of the churches is \$227,000, and of the parsonages, \$14,900. The church membership of the district is 3441; increase, 457; probationers, 301; increase, 25; aggregate increase, 482.

The Sunday School work is among the best things. Seven new schools organized, present membership 3441; increase, 457. New children's classes have been organized in nine charges. Our officers and teachers are all converted persons save one. We suggest that a better system of primary lessons would help our work.

We emphasize the timely movement of caring for our young people through the Epworth League movement. These societies have been organized on ten charges this year; six only remain unorganized. In eighteen charges special revival services were held, aggregating seventy-five weeks. Reported

conversions, 367. The most of this work has been secured through the pastors alone by helping each other.

At First Church, San Diego, two hundred conversions are reported. This is perhaps the most extensive revival in the history of our Conference. In proportion to the population, however, Elsinore was equally blessed, having 40 conversions. The pastors at Garden Grove, Santa Ana and Westminster were favored with the help of that hero of other years, Bro. Cobb, who retains his energy, and amiability to a remarkable degree, let such men of God have a warm place in our affections.

It is with profound thanksgiving that we can record this as the revival year of the District.

Our university work, situated within the bounds of the district, deserves mention. The Ontario College holds its well earned reputation; this school has no superior in its grade in Southern California. The regents of the Escondido School have elected Bro. J. A. Wachob to its principalship. Bro. Wachob, instead of depending upon advertisements, has visited the homes in the country round about, and with his characteristic energy and hopefulness has secured 40 students. The prospective enterprises at San Diego and Ramona are in healthy waiting, having no debts.

It has been my thought, from the beginning of my administration, to establish some permanent place for our annual camp meeting and general assembly work. Circumstances occurred early in the year, rendering this an immediate necessity, whereupon negotiations, which had been pending, were consummated, giving us absolute possession of fifty acres of land, with a hotel of twenty-five rooms, all without debt; the location is most fortunate—Carlsbad by the sea, with the beautiful village adjacent, and on the Santa Fe Railroad. It is unsurpassed in climate, and there are mineral waters of high medicinal properties, to which we have free access. We propose to retain possession of our property, instituting a system of leases at nominal rates, thereby offering sites for summer homes for all our people, where they shall be safe from the temptations of the saloon and its associate evils. In company with the railroad officials we have offered inducements for the Chautauqua, and would submit whether, if there be no superior call, this may not ultimately be the place for our Conference Session—the Monterey of Southern California. Another season we shall begin our work on the first of July, and reversing the present custom, will hold our camp-meeting at the first. Our beginning was most happy in spiritual results, and we met our financial calls for the current year.

I would here make mention of the help derived from some of the local preachers of the district, much of important work could not have been accomplished without their timely aid.

Two homes have been afflicted during the year. The wife of Bro. D. O. Chamberlayne, hoping for some benefit from a change, went to her friends in Iowa, but consumption assuming a more serious condition the devoted husband was permitted to leave his charge in August and spend the last hours with his wife. A letter from Bro. Chamberlayne received on the 15th reads as follows: "My dear wife passed away peacefully and triumphantly last Thursday, September 3d." Bro. W. R. Clancy came to us at the last Conference from India, hoping that our climate might benefit his wife. Sister Clancy had devoted years of toil with her husband in that climate so destructive to female health, and consumption proved to be deeply seated. The devotion, which our brother paid to his wife through the months, was beautiful, and in August he determined to gratify her last wish that she might die in the home of her childhood.

Aside from these cases the year has been one of unusual health. The pastors have been industrious. Harmony has ruled, and the sympathy and good-will manifested has afforded me the happiest year in my ministry.

In closing, two facts emphasize themselves:

1st. Such financial reverses, as seldom came to a people, renders increased missionary appropriations a necessity to sustain the work. Other denominations respond, why not ours?

2d. Our people coming from different localities ask for a variety of administration which, while not intended, is in fact unreasonable. Severe burdens are therefore laid upon the pastors; these men of God, while not doing their best in all cases, have wrought patiently and well, and for the most part, foundations are being laid securely. The outlook is encouraging though in the midst of continued financial depression, the people are blinded to better prospects. Our valleys are fast being converted into gardens, and our mountains are bursting forth in untold wealth. We are being frequently surprised with newly discovered products, which, with the touch of enterprise, bid fair to render us the richest country of earth, and if the church shall act wisely the best civilization shall come to us.

E. S. CHASE.

SANTA BARBARA DISTRICT.

Santa Barbara District has nineteen charges, twenty churches, twelve parsonages, eighteen ministers in full membership, one probationer, three supplies and twelve local preachers. But little illness and no deaths have occurred among the families of our ministers, except that of Minnie, the daughter of C. W. F. Nelson. Bro. Nelson and family have the sympathy of the entire Conference in their repeated afflictions.

I must be content to make but brief mention of each charge.

Rev C. W. F. Nelson has completed his fourth year of noble service on the Arroyo Grande charge, and the last has been the best of the pastorate. A blessed work of grace occurred in the middle of the year, in which some forty were converted. About one-half of the church debt has been paid, and the remaining \$400 of indebtedness will soon be paid to the Church Extension Society.

Creston is a new charge, to which B. F. Hewlett was appointed. Owing to ill health he declined to go. A. N. Fields, who had just taken a superannuated relation, accepted the appointment, and has demonstrated that he is one of the most effective superannuates in the Conference. At Starky, now called Shandon, one of the four appointments, a good revival has been held, which has added about twenty-five members to the church. Lots for a new church have been donated, and the building is now approaching completion. The debt of \$200, resting upon the church at Creston, has been paid, all showing that this superannuated Field is still capable of cultivation, and of old-time harvests.

Escudella, with W. F. Wenk as pastor, has had one of the best years of its history. The three appointments have been concentrated into one, and the one is larger than the three were before. The benevolent collections will exceed those of former years, and the new church, now an assured fact, will make this a very desirable appointment.

W. L. Douglas has enjoyed a year of great prosperity on the Goleta charge. Although severe illness afflicted himself and wife early in the year, the past six months have been full of blessed results. Twenty-five conversions are reported. A convenient addition has been built to the parsonage, costing about \$300, which is provided for, and all departments of church work are well in hand.

F. S. Thomas, who was appointed to Gonzales, removed to Buckley, Puget Sound Conference, early in the year. Recently he returned to California, and entered the mercantile trade, and asks for a location. W. F. Hewlett

accepted the work abandoned by Bro. Thomas, but owing to ill health, remained only three months upon the charge. After an interim of about three months, G. W. Beatty was secured and remained till Conference.

Charles Leach has enjoyed a most blessed year at Hueneme. Early in the year, an extensive revival doubled the membership. The camp meeting added to the victory, until Hueneme, one of the weak charges at the beginning of Bro. Leach's pastorate, has become one of the strong ones.

Lompoc, with A. M. Ogborn, pastor, has had showers of blessings. About one hundred and fifty were converted in a population of about fifteen hundred. A new parsonage, costing \$1500, will be completed in a few days, with all of the expense provided for. This charge is in a most thriving condition.

L. G. Spring has had revivals on two of the four appointments on Los Alamos charge. The debt of \$225 on the Santa Rita Church has been raised.

A new church is projected at Santa Inez. This circuit was never in a healthier condition than now. All honor to San Fernando Theological College for sending out such successful ministers.

Nipomo has been well served by C. W. Tarr. An embarrassing debt of \$225 is nearly raised, and the work of the charge is well in hand, and in general is in a good condition.

As soon as T. C. Miller saw Paso Robles, he decided to move the church edifice in a more eligible location. In a few months the desired object was realized. On the first Sunday after the beautiful church rested in the centre of population, a revival commenced, and on the second Sunday, twenty-five were received into the church. Wonderful prosperity has attended this charge throughout the year.

Piru and Sespe had an excellent revival in the beginning of the year, under the leadership of John Pittenger. Another great event of this year is the building of a \$3500 church, which our beloved Bishop Mallalieu will dedicate on Wednesday, September 30, at 2 P. M. This has truly been a memorable year in Bro. Pittenger's ministry. He has won for himself great praise, as well as a worthy help-meet, and will be able to take a charge twice as strong as before.

Rev. J. C. Elliott, another San Fernando graduate, can exclaim regarding San Luis Obispo, "I came, I saw, I conquered!" The last of the \$500 debt is paid. Two glorious revivals have more than doubled the church membership, while the society has advanced to a leading position among the churches of the city.

S. W. Brown, appointed to Grace Church, Santa Barbara, left his work in March last and soon after surrendered his parchments, withdrawing from the membership and ministry of the Methodist Episcopal Church. S. M. Davis of Rock River Conference, who was residing in Santa Barbara for a year of rest, was immediately appointed to fill the vacancy. Dr. Davis has greatly delighted the charge with his able ministrations, and his health is restored through the influence of our climate and the skillful doctoring of his Alma Mater, Alleghany College. Dr. Davis has returned to his home Conference, the Rock River.

Eastside, Santa Barbara, has been served by J. E. Fischer. Early in the year Bro. Fischer deemed his health insufficient for the work at Carpentaria, and my son Lincoln was appointed to supply the work. After four months' service, Bro. Fischer resumed the work. The debt of \$500 on the Carpentaria Church has been provided for by the Church Extension Society. Ten souls were converted in the revival of January last at Eastside Church.

Santa Margarita and Pozo is a new appointment supplied by W. O. Askins, who has had a blessed year, receiving more than twenty-five new members.

Santa Maria was early blessed with a soul-saving season, under the labor of B. F. Wolff. A new church is the great need of this charge, and Bro. Wolff has been moving in the matter and has already about \$1000 subscribed.

Santa Paula has had wonderful prosperity under the skillful guidance of F. D. Mather. The membership kept climbing all the year, through two revivals, till the camp meeting at that place crowned the work of salvation with mighty results. The congregations are large, and an enlarged or new church edifice is an immediate necessity. The Sunday School is one of the largest on the district. The camp meeting, largely under Bro. Mather's direction, was a Pentecostal occasion. We trust more than one hundred and fifty souls were saved and scores of believers entered into the fullness of the blessing of the Gospel of peace.

Saticoy is a new charge, organized a few weeks after the last Conference by the appointment of G. M. Smith as supply. A beautiful new church, costing \$2100, all paid for, stands as a monument of Bro. Smith's labors among a liberal people. The eleven members set off by Ventura to Saticoy have increased to fifty-three, and the new society is running in full blast.

At New Jerusalem, a point midway between Saticoy and Hueneme, lots have been given and a new church is in process of building, equally as good as the one at Saticoy. Bros. Leach, Smith and Joy are managing this enterprise. Revival meetings were held in the church three days after the corner stone was laid, and twenty-five were converted and added to the church.

Ventura is the second town in population on the district. It is most beautifully located, with lofty mountains for a background and the gentle slopes of the Santa Clara Valley rising from the grand Pacific for the foreground. The charge, under William Pittenger's leadership, has had one of the best years of its history. The great event of the year is the new church enterprise, which is now an assured fact. The new church will cost about \$5000 with furnishings, and will be erected on the splendid corner lot where the old one now stands. The corner stone will be laid by Bishop Mallalieu on next Thursday, October 1st.

Hans. S. Waaler, who graduated at the San Fernando Theological College last June, has organized the Norwegian work in Santa Barbara and has been in charge for the past three months. He has about twenty members in the society and is very much beloved by them. We have much hope of this mission.

The District Ministerial Association, held at Lompoc May 19th and 21st, was well attended and was a meeting of great spiritual power as well as of intellectual profit.

I think the reports will show an increase in all the benevolent collections, unless it be the Missionary, which was largely increased last year by the generous gift of A. J. Dean of Minneapolis, who has now removed to that city.

Epworth Leagues have been organized on nearly every charge on the district, and they are becoming in many places a revival agency as well as centers of social and mental influence.

The year has been one of almost universal revival blessing. About six hundred conversions are reported among a membership of only about one thousand. All glory to Jesus for his saving power!

The results above recited tell a story of devotion, of arduous toil and self sacrifice, worthy to be placed by the side of the noble heroes of early times. Many of the ministers on this district are as veritable missionaries as any in foreign fields, doing as heroic work for far less pay. Heaven's record of their deeds will be fuller and more perfect than I can give, or than the figures the annual minutes furnish. I have tried to plan and work for these twenty charges as if the district were one vast charge over which I had supervision. I cannot describe how blessed it is to be brought so near the spiritual life and fellowships of so many people, and feel your soul going out in prayer, not for one district only, nor one Conference, but when we pray, as Bishop

Thompson used to say, "We bow with our knees on the round globe," and seek to lift a world into the glorious light of God.

My year upon this district has been the happiest of my life. My heart has been enlarged and filled with the fullness of God, and when I think of the hospitable homes where I have been entertained, of the genial companionships, of the spiritual fellowships, and, more than all, of the glorious revival memories of the year, I look back upon a pathway of light, which gilds and hallows the present, and throws its glories far into the future.

And if our fellowship below,
In Jesus be so sweet,
What height of rapture shall we know,
When round His throne we meet.

FRESNO DISTRICT.

The completeness of the statistical tables published in our Minutes is such that a short report is all that is necessary from me.

The district is manned by a body of ministers not excelled in intellectual ability, loyalty to God and Methodism, piety, heroic manhood, and every quality that gives success, by any similar number in the Southern California Conference. Our relations with these brethren, their families and people, have been most kind and cordial. They have lightened our burdens, lessened our toils and made our visits to their homes and charges delightful.

Improvements in church property have been made and paid for at Bakersfield, Tulare, Plano, Visalia and Grangeville. The new church commenced at Porterville last year by Brother G. S. Umpleby has been completed and dedicated free from debt by the pastor, J. A. H. Wilson.

A new parsonage has been built and paid for at Waukena, G. W. Wood, pastor. The contract has been let for a brick church at Tehachapi. When finished it will be the only Protestant church within a radius of fifty miles. At Hanford our church property has been sold for a handsome price and lots purchased for church and parsonage in a favorable location. Plans have been adopted and the work of building will commence at an early date. This church when finished will meet the wants of Methodism for many years in the growing town of Hanford.

Old debts are being paid and, I am happy to say, our property on the Fresno District is free from serious embarrassment.

The Swedish work at Easton, Fresno and Kingsburg has been well cared for by Brother L. Dahlgren. Kingsburg Swedish work was left to be supplied. Being unable to get a Swedish minister for it, we put it in Brother Dahlgren's care, making his work very difficult, but he has faithfully and successfully accomplished his task.

Revival services have been held at several points, resulting in the salvation souls, quickening the churches and considerably increasing our membership. A district camp meeting was held at Hanford with success, the first, I think, in the history of Fresno District.

Epworth Leagues have been organized in a few of our charges, which are of great value to our young people. We hope, during the coming year, a league will be formed in every charge on the district.

Sunday School work is well organized and doing excellent service, and our own literature is in general use in our schools.

Our church literature has received attention, and considerable increase has been made in the *Advocate* lists.

The benevolent collections are far in advance of last year. Several of the charges have gone beyond their apportionment, as Fresno, Grangeville, Hanford, Waukena and Bakersfield. Several reached the apportionments, as Traver, Plano and Porterville, and Delano. A few have fallen below, as Selma, Visalia and Tulare, but in the aggregate we have met the apportionments.

The pastors have not all been paid in full. For this we are sorry. Their work is hard. They have successfully and cheerfully performed it, and deserve better support than some of the charges seem able to give.

We have traveled over the district, and have been able to meet all our appointments during the year but four. For this we are thankful to him who has given life, health and grace. Though the year has been dry in the San Joaquin Valley, and, in consequence, money scarce, we are able to report progress along every line of our work.

S. A. THOMSON.

REPORTS.

DAY OF FASTING AND PRAYER.

Your Committee are deeply impressed with the thought that the one great need of Methodism in Southern California is a sweeping revival of the religion of our Lord Jesus Christ, in which sinners shall be awakened, penitents converted and the church sanctified. That such a revival is possible we dare not deny, but to secure it needs the hearty co-operation of ministry and laymen, a co-operation of desire and prayer and labor.

To secure this we believe it is important that definite action as to time, place and methods be agreed upon.

To promote this end we recommend that Friday, October 16th, be observed in our churches as a day of fasting and prayer for an outpouring of the Spirit of God upon the churches of Southern California.

We would also recommend that the Presiding Elders be requested to bring this matter before the churches, and we further recommend that the Committee on Public Worship at our next session be requested to arrange appointments so as to give as many nights as possible for revival services.

P. F. BRESEE,
WM. STEVENSON.

STATE OF THE CHURCH.

Your Committee on the State of the Church beg leave to submit the following report:

We record with profound gratitude the numerous marks of the Divine favor during the past year, which has been one of advancement in every department of church work, as shown in the building and improvement of Churches and Parsonages, the rapid increase in Sabbath Schools and Young People's Societies, the increase in the benevolences, a more liberal and generous support of the Ministry, and best and greatest of all the spirit of revival that has prevailed throughout the entire Conference. These furnish ground for hope that the prayer of our beloved Bishop Mallalieu, for ten thousand souls for Christ, will be realized during the coming year.

Your Committee believe that we have reached the point where opposition from without is powerless to impede our progress. The dangers that confront us are from within and are seen in the attempt to modify our doctrines and improve our rules.

Mr. Wesley regarded the scripture as the only and sufficient rule of our faith and practice, and it was the boast of the fathers and founders of Methodism in this country, that we had a scriptural warrant for all our doctrines and usages—and your Committee believe that our highest attainment and greatest efficiency will be reached by adhering to the old land marks and enquiring for the old paths. The need of the church is not more machinery, but more prayer to utilize what we have.

H. COX,
W. STEVENSON,
M. JUDY.

OBSERVANCE OF THE SABBATH.

One of the chief defences of American freedom is the Christian Sabbath. The tendencies to secularize it and make it a holiday instead of a holy day may well occasion great alarm in every Christian mind. Destroy it and as certainly as God has caused it to be written that "Righteousness exalteth a nation, but sin is a reproach to any people," will the divine judgments be visited upon us. If we ever lose our nationality, over our national tomb may be placed the inscription: "Gone with the nations that have forgotten God."

By reason of the fact that the unit of society, and so of the nation, is the family, and by reason of the further fact that the national thought and customs and life and character are determined by the home life of the people; therefore

Resolved, That there should be taught and practiced in every professedly Christian home a proper observance of God's holy day.

That Sunday excursions, Sunday pleasure riding and Sunday social visiting should be discountenanced by all Christian people.

That that subtle and insidious foe to the Christian Sabbath, the Sunday newspaper, should be rigorously excluded from every Christian home.

That all who love the cause of Christ should strenuously resist every encroachment of the mercenary spirit of the world upon the sanctity of the Sabbath.

That all lovers of our country and of humanity should combine against those who are seeking to secularize and destroy the Christian Sabbath.

That we, the members of the Southern California Conference, will do what we can by our pulpit utterances and by our personal example, to create a better sentiment concerning Sabbath observance.

That we pledge our hearty co-operation to the American Sabbath Union.

That we highly appreciate the valuable services of our brother, Rev. Edward Thomson, LL. D., as secretary of the American Sabbath Union for the Pacific Coast, and request his appointment to the same work for the next ensuing year.

That we emphatically renew our protest against the opening of the gates of the Columbian Exposition on Sunday, and respectfully ask the managers to use their authority for the prevention of this evil.

F. D. MATHER,
GEO. W. WOOD,
O. J. MCFADDEN.

MEMORIAL TO THE GENERAL CONFERENCE.

The members of the Southern California Conference, assembled September 23-29, 1891, in the city of Los Angeles, Cal., beg respectfully to memorialize the General Conference of the Methodist Episcopal Church to meet in the city of Omaha, Neb., May 1, 1892, earnestly requesting the General Conference to take suitable measures to procure a thorough revision of the Tract List of the Methodist Episcopal Church, with a view to meeting more fully the wants of the present day.

R. S. MACLAY,
W. A. WRIGHT,
Committee.

TEMPERANCE.

We are indeed grateful to Almighty God for the wondrous progress made in the temperance reform within the last twenty years; and that the evils of the accursed liquor traffic are seen as never before. The reason is not that

they had no previous existence, or were in former days less harmful, but that those whose work is the social, moral and spiritual uplifting of the people have discovered and announced to the world that, like the poison of a deadly contagion, it has been stealthily victimizing our youth, tearing asunder the most sacred ties of our homes, polluting the ballot box, making common barter of the offices of our government and manipulating, by bribes and threats, our legislators and judges. But now that its deadly work is the better known the Christian ministry of the nation, with a few lamentable exceptions, are, from pulpit and rostrum, denouncing the abominable traffic, and advocating legal prohibition. And we notice with gratitude the support our laity is giving this cause.

Notably among the influences that are advancing this reform is the Women's Christian Temperance Union. For centuries consecrated womanhood prayed for deliverance from the murderous hand of this traffic, but a cold, mercenary world heard not her prayers nor cared for her tears; God heard those prayers and inspired their hearts to organize, and when they did organize they had the wisdom and courage to honor their organization with the name of that Christ to whom they looked for deliverance. They have earnestly prosecuted their work until our nation today is astir on this great politic moral question. On the one side the liquor dealers and manufacturers and their hired dupes, and arrayed against them are the enlightened of the Church of God and the Women's Christian Temperance Union, with prayers and voices uplifted for "God, and Home, and Native Land." Their cause, the cause of the oppressed—their weapons, God's eternal truth. We need not the vision of a prophet to foresee the victory that is coming to God's hosts.

"Right is right, since God is God,
And right the day will win.
To doubt would be disloyalty,
To falter would be sin."

We rejoice to know that in most of the States scientific instruction is given in the public schools, showing the evil effects of alcoholic drinks, and this, together with the literature that is circulated by the church and various temperance societies, and the instruction that is given the rising generation by enlightened and devoted teachers, is bearing and must continue to bear its fruitage of moral convictions on this subject, and when the six million youths of our land shall come to exercise their free suffrage we confidently expect to see national legal prohibition. May God hasten the day!

As a potent factor in bringing about this reform we urge our people, both ministers and laymen, and all who are interested in legal prohibition, to attend the caucus, the primaries and the elections and urge their cause both by words and by their presence. The liquor vendors care but little for the resolutions adopted in religious assemblies, but they object to your presence at the ballot box and at the primaries, where they seek to secure the nomination and election of their dupes for office. According to our Bible, civil government is God's ordinance and its officers are His ministers, and if we guarded against the intrusion of corrupt measures into politics and the imposition of unworthy men as officials with one-half the vigilance with which we guard our church from unwholesome doctrines and the doors of our Conference from the entrance of unworthy men, we would, no doubt, see a marvelous revolution in the present state of affairs. Not that the church needs less protection, but the government more. For, by licensing the saloon, and asking and receiving a revenue from the manufacture of alcoholic beverages, our government made itself a party to a great crime, and its revenue from this source is the price of blood and of immortal souls.

Resolved, That we have beheld with deep regret the humiliating spectacle of our National Government disgracing itself, through the action of its State

Department, by drumming up a trade for the liquor dealers in Central and South America; and that we, as citizens of the United States, earnestly protest against any further expenditure of our national resources in that unworthy cause.

In conclusion, we urge our ministers and members to read carefully the action of the last General Conference on this subject and to persistently teach and labor for legal prohibition of the liquor traffic as the only effectual means of blotting out this great crime from our nation.

PUBLISHING INTERESTS.

Your Committee has read, with thankfulness, the magnificent exhibit of the Book Concern, and we are impressed with the evidences of ability and faithfulness with which these great and vital interests are managed. We regret that the members of our church still remain, in a great measure, in ignorance of the vast and invaluable stores of Christian literature which emanate from the presses of our great publishing houses, and would exhort our pastors to greater faithfulness in informing their congregations of the priceless treasures which are at their hands.

Our grand Church Hymnal has been greatly reduced in price and brought within reach of all, and we urge its general use in all the services of our church.

The new Epworth Hymnal, No. 2, appears to be a worthy successor of the first in Sunday-school and social meeting work.

The Southern California *Christian Advocate* has been a welcome visitor to our homes during another year. The editorial work of Rev. F. M. Larkin has been eminently successful. He has ever been fearless and vigilant to commend the right and to condemn the wrong.

We gratefully acknowledge the consecrated and generous spirit in which Bro. G. B. Johnson has labored as publisher of the paper during the year, and recognize the fact that without his unselfish devotion it could not have been so successfully carried through the year.

Rev. F. M. Larkin having decided to return to the pastorate, the Trustees of the Conference have drawn a contract with Rev. G. W. Henning to edit and publish the *Advocate* during the ensuing year. We recommend that the Conference adopt said contract when it shall be reported, and that it request the appointment of Rev. G. W. Henning as editor of the paper.

The following resolution, which was adopted by the Lay Electoral Conference and referred to this Committee, meets with our hearty approval, and we recommend its adoption:

Resolved, That we instruct our ministerial and lay delegates to the General Conference to use all practicable means to secure the adoption of the Southern California *Christian Advocate* as a General Conference paper.

Your Committee would add the following:

Resolved, That in case the paper be not adopted as an official paper by the General Conference that efforts be made to secure an appropriation toward its support of one thousand dollars per year during the next Quadrennium.

Resolved, That the report of the Conference Board of Trustees be adopted, and that the magnificent donation of Bro. Gail B. Johnson of the printing plant of the Southern California *Christian Advocate*, valued at one thousand dollars, the rental value to be known under the name of the Gail B. Johnson

Fund, for the Conference claimants, and that the trustees be requested to prepare a suitable acknowledgment of Bro. G. B. Johnson's generosity, and that the same be spread upon the minutes.

BENEVOLENCES.

MISSIONS.

The world in this evening of the nineteenth century looks upon no grander sight than the vigorous competition and emulation among Christian denominations to send the gospel out to all the world. The Methodist Episcopal Church stands second to none in her energy in this regard. Her systematic methods, and the zeal of her missionaries in pushing the vanguard of salvation still on into the gloom of heathenism is almost apostolic.

We congratulate the Conference in having with us Dr. J. O. Peck, by no means the smallest of that grand triumvirate of missionary secretaries. His zeal for the world's conversion as shown in his many able addresses have set many hearts on fire for the salvation of the world, and we have no doubt but the next year's collections will show the abiding power of his work.

This year our Conference has raised \$5,782, which is an advance of \$125 over last year's collections, and a comfortable advance beyond the apportionment of the year. We are duly thankful that this small sum is on the right side of the balance sheet.

We earnestly recommend to our people all over the Conference the observance of "Self Denial Week" on the third week in October, in accordance with the suggestion of our missionary secretaries, that all indebtedness may be wiped out, and the new year begun clear. We urge that the collections taken in that week be sent at once to the treasurer at New York, that it may be counted in the collections of this fiscal year, which closes October 31st.

We submit that the indifference of the church toward the Chinese and others assembled at our doors is inconsistent with the zeal we manifest toward these same people seven thousand miles away. Our annual missionary report shows that for 1890-91, Chinese work in San Francisco received an appropriation of \$7,500; Portland, Or., \$1,000; New York City, \$1,000. With her Chinese population of more than two thousand, may not Los Angeles ask the General Missionary Committee for as large an appropriation for Chinese work as New York with her more numerous and wealthy churches.

CHURCH EXTENSION.

As a Conference we have great reason for gratitude to the Church Extension Society for its timely aid in saving to us some of our best churches, as well as aided in the erection of seventy-eight of our churches up to the close of 1890.

This year closes the first quarter century of our society's work. In that time they have collected and disbursed \$4,250,000, with which sum they have aided in the erection of 7,700 churches, or more than *one-third* the entire number owned by the church.

Our Conference has shared in this work as follows:

Our entire collections as a Conference to the close of	
1890, amounted to.....	\$7,860 20
The collections for this year.....	1,768 00
<hr/>	
An aggregate of.....	\$9,628 00

We, as a Conference, have received since our organization, and up to the close of the fiscal year, 1890 :

Donations	\$18,306 00
Loans.....	17,900 00
Loans returned by us.....	2,781 35
Loans outstanding.....	15,118 65

It is well to note the fact that during this past year very large loans and donations have been granted to churches within our bounds. It is manifest that the efficiency and value of the loan fund depends upon the fidelity and promptness of churches borrowing from it in meeting their obligations.

FREEDMEN'S AID.

The Freedmen's Aid and Southern Education Society of our church is doing a work of incalculable benefit to our country in elevating the white and colored races of the South. We heartily endorse their work of education, especially that of the Manual Training Schools, which fit the colored youth so well for the various callings of a civilized life. Let this good work be fully and faithfully laid before our people and we have no fears for the collections. A gratifying advance of \$243 over last year's collections, points in the right direction.

TRACTS.

The Tract Society of our church is of such age as to need no more than usual mention and commendation by your Committee. We beg however to suggest that the Book Concern see to it that tracts to be useful in our day must be attractive. If many of them were modernized and Americanized they would meet with greater favor. We urge on our brethren to use more of them, and get the Tract Committee at work. The use of that fine line of tracts on missions would be productive of splendid results. We recommend the apportionment of \$250 to the Conference for the ensuing year.

SUNDAY SCHOOL UNION.

This is one of the most important societies of the church. The Sunday School Union is worthy of greater support by our people than it has ever received. We rejoice to know that some of our wealthy people are awakening to the importance of the Society, and are showing their interest by increased contributions. We are glad to note that a magnificent contribution of \$25,000 was made the last year by one of our own worthy laymen. That every pastor in the Conference sees to it that the apportionment for the Conference of \$250, be met in full this year.

T. S. UREN.

WOMAN'S FOREIGN MISSIONARY SOCIETY.

Your committee desire to express unqualified approval of the Woman's Foreign Missionary Society of the Methodist Episcopal Church. Situated as we are, on the western boundary of Occidental Christendom, it is eminently fitting that the church of the Redeemer on the Pacific Coast, while assiduously caring for all the interests of the home field, should also, in the spirit of primitive Christian Evangelism, devote a portion of its resources and opportunities to the overthrow of the vast and hoary heathenism of the Orient, which has so long held in bondage untold millions of the human race, and which today directly confronts us across the broad ocean highway of the Pacific. We cannot

too earnestly urge upon the members of this Conference, and the Methodism of Southern California, the importance of instant and persistent action in behalf of this society. We beg respectfully to submit for your consideration the following suggestions:

Resolved, (1) That we recommend the formation of an Auxiliary of the Woman's Foreign Missionary Society in every charge of our Conference.

(2) That we recommend to every Auxiliary the holding of at least quarterly meetings in the interest of the society.

(3) That we recommend the circulation of Missionary literature, and call attention in particular to the queen of Missionary periodicals, "The Heathen Woman's Friend."

J. C. GOWAN.

WOMAN'S HOME MISSIONARY SOCIETY.

We recognize that the Woman's Home Missionary Society is an important auxiliary of the church, and rejoice in its success in supplementing the meager salary of many of our preachers in time of need.

We rejoice that it is reaching out its arms to all classes from all lands in the grand object to direct them to eternal things by the use of material things. We will earnestly pray for its continued success.

Eleanor Ransom, who have been duly licensed on the recommendation of the Quarterly Conference of the First Methodist Episcopal Church of Los Angeles.

BOARD OF TRUSTEES.

At the Annual Conference held at San Bernardino, September, 1889, there was placed in our hands as a nucleus for permanent fund for the benefit of Conference claimants the sum of \$463. The amount accumulated up to

date is \$69.62. The Board suggests that the sum of \$463 be increased to \$500, and the balance, \$32.62, be paid over to the Board of Stewards.

The Board wishes to state that Bro. Gail B. Johnson, who last year published our Conference paper, has generously proposed to donate the plant used in publishing said paper, valued at \$1000, to be added to the above-mentioned fund. This plant is already rented for the next year for the sum of \$150, which sum will be available for the Conference Claimant Fund next Annual Conference.

We further report that Gail B. Johnson, according to the contract of last Annual Conference, has successfully published the *Southern California Advocate*. But, finding his business interests required his entire time, he finds it impracticable to further continue his work as publisher, and Rev. F. M. Larkin desiring to return to the work of the pastorate, we have contracted, subject to the approval of the Conference, with Rev. G. W. Henning of the Illinois Conference to publish and edit the *Southern California Advocate*, under the direction of the Conference Trustees, from Oct. 1st, 1891, to Jan. 7th, 1893. The terms of the contract are similar to those we were directed by the Conference to make with Mr. Johnson last year, and by which the Trustees are protected from all liability of in its publication.

The Board of Trustees gratefully recognize the valuable service rendered by Brother Johnson in so largely assisting us to place the *Advocate* on so good a financial basis, for which service the Methodism of Southern California is greatly indebted to him. They further desire to recognize the able services rendered by Bro. Larkin as its editor.

Respectfully submitted.

A. M. HOUGH, President.
T. E. ROBINSON, Secretary.

BIBLE CAUSE.

No Christian man or woman, with the cause of the Master deeply at heart, can carefully read the Seventy-fifth Annual Report of the American Bible Society without a thrill of inspiration. It is the story of heroic work and grand achievement, with limited means.

The entire cash receipts of the Society for general purposes for the year ending March 31, 1891, was only \$512,500; and yet 607,500 families were personally visited, and 48,000 supplied with the Word of God.

This district embraces a vast domain, including all of California and Nevada, with a population of 1,200,000.

As Superintendent over this vast field of labor, the Rev. John Thompson, D.D., by his untiring energy and burning zeal, has demonstrated himself to be the right man in the right place; and under God the work of the Society has prospered grandly in his hands.

The crying need of the work on this coast is *money*—more money.

We are glad to be able to report an advance of thirty-three per cent. in the collections for this cause in this Conference this year.

May God lay the burden of this work on the ministry and people.

F. L. MORRILL, Chairman.

EPWORTH LEAGUE.

The Epworth League work in the bounds of the Conference has been a great success the past year. The number of Leagues has increased fifty per cent. Los Angeles District reports ten Leagues with 422 active and 8 associate members. Santa Barbara District, nine Leagues with 310 active and 93 associates. San Diego District, ten Leagues with 509 active and 42 associates.

Fresno District, three Leagues with 67 active and 13 associates. Total, thirty-Leagues, 1,308 active and 156 associate members.

All but four of these thirty-two Leagues are working under the pledge. The department of Christian work is the first organized and the most successfully worked. Everywhere the pastors are finding in the League the most efficient aid in revival and church work.

Instead of becoming alarmed at the rapid growth of the League, we ought to rejoice that the great body of our young people are proving themselves loyal to the church of their choice, and anxious to become better acquainted with her peculiarities, her doctrines and usages.

The League with its several departments and suggestions is the best answer to the questions, *where and how* shall our young people do work for God? These questions answered, they are ready to respond. It should be the motto of this Conference, "An Epworth League in every charge."

We recommend the following as Conference Epworth League Officers, for the ensuing year:

President, Geo. W. White; Vice-President, J. W. Morris; Secretary, G. L. Cole.

Directors—Los Angeles District, G. W. Lee; San Diego District, Dr. Price; Fresno District, C. W. Stowell; Santa Barbara District, J. V. Elliott.

G. L. COLE, Secretary.

DISTRICT CONFERENCE RECORDS.

Your committee find that two of the four districts comprised in their Conference have organized District Conferences, viz., Fresno and Los Angeles. The records of Fresno District, by an excusable oversight, have not been placed in the hands of the committee. Those of the Los Angeles District were examined and found to be in excellent condition.

COMMITTEE ON EDUCATION.

To the Bishop and Members of the Southern California Conference :

DEAR FATHERS AND BRETHREN :—Your Committee on Education submit the following: We are glad to believe there is a growing interest in our

schools among the people. This is manifested by their frequent inquiries for information, their generous benevolence and the increased patronage which they are giving us.

Slight improvement has occurred in the financial situation, but all the departments have been enabled to continue their work, and generally with an increased attendance and with brightening prospects.

The University organization continues as last year, with M. M. Bovard, President, and W. S. Matthew, Vice-President, and with Deans W. S. Matthew, R. S. Maclay, W. T. Randall and J. P. Widney at the heads of the respective Colleges of Liberal Arts, Theology, Chaffey Preparatory and Medicine. J. A. Wachob is newly elected principal of Escondido Seminary.

Early in the year President Bovard was incapacitated by illness for labor in the class room. By the action of the directors he continues relieved of the routine duties of his position, and we trust that a favoring Providence will soon complete his restoration to health and permit his full range of activity in the work to which he has already given so many valuable years of his life. The decrease in working force of the faculty, and the necessary labor of raising increased income, made the labor of Vice-President Matthew and his associates in the College of Liberal Arts extremely difficult, but they acquitted themselves nobly, and did a thorough, faithful year's work, with the one hundred and forty-five students in attendance. A special donation of \$2,000 by Mr. Frederick A. Ringe, and the proceeds of a special subscription of \$4000 greatly aided this department. A part of this subscription is as yet uncollected.

The directors are seeking to perfect plans for payment of the debt for which their personal obligations are yet outstanding to the amount of \$9,500.

The income from the endowment fund for several years is pledged to the payment of the amount of \$11,000 reported last year as an overdraft. This leaves the school without any income at present from the property.

As the end of the school year approached, the directors thought it best not to assume the further financial responsibilities the continuance of the school required, but in this crisis a man was found who had the courage and faith in the loyal support of the Conference and the church, to assume this responsibility. Dean Matthew has entered into a contract to continue the school for five years, under the same control and with the same relations to the Conference and its authority and patronage as before, he alone becoming the responsible financial party.

Such action on his part makes eloquent appeal to your sympathy, your loyalty to our educational interests, to your generous benevolence and your patronage. The school has opened the new year with an enlarged and able faculty, an increased attendance of students, and is more enthusiastic and hopeful than for several years. Hodge Hall, for young ladies, is open under the care of a wise and competent preceptress, and in it is every guarantee of watchful care and safety for the boarders.

The estimated receipts from tuitions in this college is \$3,500, which is nearly \$4,000 less than the estimated expenditure. For this \$4,000 the school appeals to the loyal benevolence of the church within our bounds.

A copy of the contract referred to above, the visitor's report and report of Dean Matthew are filed herewith.

The Maclay College of Theology had financial perplexities also, but was successful in doing a good year's work, under an able and devoted faculty. Ten students were in attendance last year, of whom four were graduated. Excellent arrangements have been made for teachers, and the prospects of the College are gratifying and assuring. It needs the cordial sympathy and support of our Conference, among whose most promising young men are several of its graduates, and of our church, which during coming years will feel the blessings of its growing power. With the revival of the industrial and com-

mercial interests of the country, there will doubtless come to the Institution increasing patronage, larger income, new channels of usefulness and blessed returns of golden fruitage. The reports of Dean Maclay and of the Visiting Committee are filed herewith.

The attendance at Chaffey College Preparatory was the largest in its history. The students were remarkably earnest and enthusiastic, the faculty were untiring in their zeal, and the moral and religious tone of the school was especially marked. A class of five, four of them classical, was graduated in June. Three of them enter college this fall and the others next year. In nothing is this school more marked than by the transformings of a pure ambition which it arouses among its students. The enrollment for the coming year promises to exceed a hundred. The faculty is strengthened by a new instructor and now numbers seven, all teachers of large experience and firm training.

The Regents have advanced means for a boarding house, where students will be under the immediate care of the teachers. By the blessing of God, Chaffey College will honor Methodism by maintaining the highest standard of excellency in all its work.

The report of the Dean and of the Conference visitors is filed herewith.

The Escondido Seminary has commenced its third year with brighter prospects than ever before. Rev. J. A. Wachob has been elected principal, and other able instructors have been chosen as his assistants, each of whom has already made a favorable impression on the community. With various reasons for hopefulness there is one cause for deep concern at this place. While the property is valuable and secure, there is no income from it available for current expenses. The estimated receipts from tuitions will pay the salary of one teacher in the literary department and the expenses of other departments, leaving the salary of one teacher unprovided for. If aid can be given at this point, the increased confidence of the community and their growing patronage will assure us of a year of success.

The reports of the Principal and of the Trustees are filed herewith.

The College of Medicine, under the able and devoted Dean J. P. Widney, has greatly prospered. It has a large and able faculty, and its course of study is now extended to four years. With its exceptional hospital facilities, clinical advantages, dispensary, and special training in the composition and compounding of drugs, it ranks among the leading schools of its kind wherever found, and, indeed, has already achieved a degree of success which exceeds our most ardent hopes of the past. It is a joy and a pride to us and is an honor to this city and to the church. We dare even to hope for the day when the inspiration of its success shall lead us to the kindred and more tender work of love and faith, the establishment of the Methodist Hospital of Southern California.

The condition of the College of Fine Arts at San Diego is practically the same as last year. The fine property there is unincumbered and is increasing in value, but the time has not yet come for the completion of the building and opening of the school.

We conclude from above review that our educational interests are being carefully watched over by faithful men; that we are safely passing the points of crisis in the history of our University, and if the Conference and the Church of Southern California will but take our great educational work on their hearts and relieve its immediate needs with their generous gifts, very soon we will begin to realize the hopes which have inspired our plans and sustained our hearts during these times of financial trial.

We find that at least \$4,000 is needed to properly support the College of Liberal Arts during the present year, and that considerable additional amounts are needed with which to creditably carry on the work in the other schools, we therefore recommend the adoption of following:

Resolved, 1st, That we will take a special Conference Education collection in each of our charges during the coming year.

2d, That we will welcome to our charges and pulpits, Vice-President Mathew or any other representative of the University, and will give him cordial sympathy and active aid in securing special subscription for above necessities.

3d, That we request the Board of Directors to disburse any excess of such collection and subscriptions over estimated needs of College of Liberal Arts among the schools in proportion to their needs.

4th, We heartily commend the pastors for so generally taking a Children's Day Collection and urge them to do it again the coming year, but in view of the requirements of the discipline in regard to that day, we deem it necessary that the special collection above mentioned be taken on some other than Children's Day.

We recommend the appointment of the following Visiting Committees:

College of Liberal Arts—E. A. Healy, A. M. Drew, R. R. Brown, G. W. White, H. Cox.

MacLay College of Theology—Chas. Leach, A. C. Williams, Wm. Stevenson.

Chaffey College—W. A. Wright, B. C. Cory, G. W. White, T. J. Fording.

Escondido Seminary—O. J. McFadden, J. H. Peters, E. J. Inwood.

College of Medicine—Dr. F. H. Seymour, Dr. Chas. H. Stoddard, Dr. E. C. Dunn, Dr. Chas. H. Brown.

We also nominate the following for Board of Directors: J. P. Widney, J. Alex. Brown, E. S. Chase, A. H. Naftzger, G. W. White, W. A. Knighten, J. E. McComas, P. F. Bresee, D. C. Cook, A. E. Pomeroy, John B. Green.

IN MEMORIAM.

TRIBUTE TO THE MEMORY OF HON. CHAS. MACLAY.

The Hon. Chas. Maclay came to California in an early day as a missionary of the Methodist Episcopal Church, being a member of the Baltimore Conference. He labored for a number of years in that capacity among the pioneers of this State. He then located and entered into business. He helped to found the University of the Pacific, and was a member of the California Legislature for two sessions. Sixteen years ago he came to Southern California, where he purchased a large tract of land. In 1885 he sold this land and gave \$150,000 for the founding of the Maclay College of Theology; and in addition gave a building complete and campus worth about \$30,000; thus he completed his life work, and was ready for the call of the Master. However, the Lord spared his life for nearly five years, during which time he saw the college opened and two classes graduated. On the 19th of July, 1890, he was received into the heavenly world, where his reward awaited him.

In view of his great service to the church and the cause of Christ, in founding the Maclay College of Theology, we would submit the following resolutions:

Be it Resolved, 1st, That we gratefully recognize the noble Christian character of Bro. Maclay, and the great liberality of himself and family, in founding and endowing our Maclay College of Theology.

Resolved, 2d, That we extend our Christian sympathy to his family, particularly to his wife, who shared with him the trials of his early ministry, together with the hardships and labors incident to securing the prosperity which enabled him to give so largely to the work of the church, and we will honor his memory by earnestly laboring to promote the efficiency and conserve the interests of the Maclay College of Theology.

P. F. BRESEE,
M. M. BOVARD,
W. S. MATTHEW.

NOTE.—It is an occasion for deep regret that no data can be secured for the memoirs of Sisters Chamberlayne and Cookson, reported deceased during this year.

H. J. CRIST, Secretary.

Report of Committee on Resolutions received.

On motion, voted that the resolutions be taken up seriatim.

The following resolutions were then adopted :

Resolved, That we, the Lay Electoral delegates, of the Southern California Conference, in convention assembled, unitedly return thanks to Almighty

God for the wonderful blessings He has bestowed upon us since the last assembling of this body, in multiplying our numbers, extending our field and carrying forward the conquest for Christ's kingdom of California.

We, the Lay Electoral Conference of the M. E. Church in Southern California, do hereby heartily endorse the following declaration of the General Conference found on page 359 of the Discipline, to-wit:

"We are unalterably opposed to the enactment of laws that propose by license, taxing, or otherwise, to regulate the drink traffic, because they provide for its continuance, and afford no protection against its ravages. We hold that the proper attitude of Christians toward this traffic is one of uncompromising opposition; and while we do not presume to dictate to our people as to their political affiliations, we do express the opinion that they should not permit themselves to be controlled by party organizations that are managed in the interest of the liquor traffic."

Finally, we proclaim as our motto, "Voluntary total abstinence from all intoxicants as the true ground of personal temperance and complete legal prohibition of the traffic in intoxicating drinks, as the duty of civil governments."

Resolved, That women have shown in their faithful, wise and efficient discharge of every responsibility entrusted to them that they are worthy of being empowered with the elective franchise whereon questions are to be settled or officers elected by the ballot; and that this Lay Conference records its voice and promise to aid to secure to our mothers, sisters and wives equal rights with us in the rights of suffrage.

On motion, voted that President and Secretary convey to the Annual Conference the greeting of the Lay Conference.

Resolved, That we instruct our ministerial and lay delegates to the General Conference to use all practicable means to secure the adoption of the *Southern California Christian Advocate* as a General Conference paper, appropriating for its support not less than one thousand dollars annually.

Resolved, That we urge the General Missionary Committee to include among their annual appropriations a suitable amount for the Chinese and Japanese work in Southern California.

On motion, voted that the present Secretary be considered as continued in office until the next Lay Electoral Conference, and be authorized to call the same to order.

On motion, voted that the Secretary present to the Annual Conference, now in session, those parts of the resolutions adopted which are addressed to that body.

The Conference then listened to fraternal addresses from the Annual Conference, presented by Rev. Dr. R. S. Maclay and Rev. F. D. Mather.

Dr. J. O. Peck, being invited to be present and address the Conference, responded in remarks of appreciation of the influence of lay members of the General Conference, and of their work in the benevolences and other enterprises of the church at large.

Dr. Jno. Thompson, being invited, was presented to the Conference and addressed the body in a few happy remarks.

On motion, voted that the President and Secretary respond to the fraternal addresses received from the Annual Conference.

On motion, Conference then adjourned.

WILLIAM T. RANDALL,
Secretary.

The Key to Success

in washing and cleaning is *Pearline*.

By doing away with the rubbing, it opens the way to easy work; with *Pearline*, a weekly wash can be done by a weakly woman. It shuts out possible harm and danger; all things washed with *Pearline* last longer than if washed with soap. Everything

is done better with it. These form but a small part of the —Why women use millions upon millions of packages of *Pearline* every year. Let *Pearline* do its best and there is no fear of "dirt doing its worst."

Turn the Key On the peddlers and grocers who tell you "this is as good as," or "the same as" *Pearline*. IT'S FALSE; besides, *Pearline* is never peddled
